# HANRAHAN HERALD

---

AUGUST 2015

## **In this Issue:**

Congatulations Natasha James for her 12 years!

Summer Fun!

Property Maintenance

## Congratulations!

Hanrahan Youth Services would like to extend a big congratulations to Natasha James for her 12 year anniversary with the company. Natasha is our Brampton group home coordinators where she gives her absolute best everyday! We want to thank Natasha for all her hard work, and acknowledge her in a special way. Thanks Natasha!

## Summer Fun!

This time of year there are always exciting and action-packed adventures planned all around the city. Be sure to go online and research popular festivals and events. These types of events are a great way to have fun, be active and enjoy some of Toronto's finest things to offer! There are social and cultural events, food events and much more.

Please also ensure that your youth have something planned for the summer – whether it be education, recreational or spending time with their families. There are tons of camps and day activities that should be arranged. Please contact your Resource Worker or Manager about possibilities for your youth.

## Property Maintenance

Please ensure your properties are looking presentable. These are great ways to bring your kids together and do some work as a team. This is also a great way for your young people to earn some extra allowance! Please ensure you are planting flowers, mowing your lawns, removing weeds and keeping up the appearance of your yards. If you need to borrow the HYS work truck for the removal of garbage, please contact Erin at head office. Have a clean and presentable yard is of high importance for your home, neighbours and community.

## YMCA Summer Job Program

The YMCA Summer Job Program Coordinators have already held an intake session at our main office for youth interested in working over the summer. If you have youth who did not sign up for this and are interested, please ensure you contact your Managers and Resource Workers right away as there may still be time to register. Please ensure you have all the appropriate documents and items needed for the intake.

## Wonderland Passes

Wonderland passes are now available for pick-up. Please ensure you contact Erin at head office before going to Wonderland. Thank you.
